

# Hospital Systems Capacity Building Initiative: Hospital & Community Profile

# HOSPITAL SYSTEM AT-A-GLANCE

- Non-Profit
- Partnership of hospital system(s) and medical practices
- Located in Oklahoma
- 9 Hospitals and 70 Clinic Sites
- HSCB implementation location: Tulsa- Rogers, OK Health Service Area (HSA) Craig, Creek, Mayes, Ottawa, Rogers and Tulsa Counties

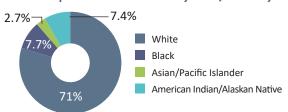

# HEALTH SERVICE AREA (HSA) KEY STATISTICS

### **HSA** Counties

Craig, Creek, Mayes, Ottawa, Rogers and Tulsa Counties

### **HSA Population Distribution by Race/Ethnicity**

### Percent of HSA that is Hispanic/Latino

HSA county-level median income is **\$49,342** compared to **\$51,424** for Oklahoma.

**89%** of adults age 25 or older within the HSA have a high school diploma and **28%** have a bachelor's degree compared with **88%** and **25%**, respectively for Oklahoma.

HSA has a cancer death rate of **179** deaths per **100,000** compared with **181** for Oklahoma.

**81%** of adults under age 65 and **92%** of children under age 19 within the HSA have insurance compared to **80%** and **92%** respectively for Oklahoma.

## INITIATIVE OVERVIEW

The American Cancer Society (ACS) is partnered with the Centers for Disease Control and Prevention (CDC) to support hospital systems, like Hillcrest Medical Center. This five-year initiative increases capacity to build multi-sector partnerships to implement evidence-based and informed interventions for cancer prevention and screening.

Participating hospital systems are building a community of practice to share best practices and lessons learned and build the evidence base for increasing breast health equity, colorectal cancer screening or HPV vaccinations

This community of practice is built on the intersection of participating hospital systems, state and local health departments, ACS and community partners.

Hillcrest Medical Center's partners include: The American Cancer Society, Tulsa Health Department, OK State Department of Health, OK Project Woman

Area of Focus: Breast Health Equity

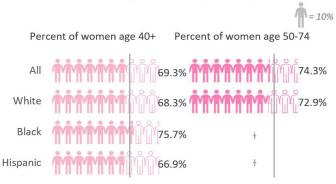

Data Sources: HSCB Initiative applications, the American Communities Survey (2014-2018) and the National Cancer Institute/CDC (2013-2017). Data for ethnicity (i.e., Hispanic/Latino) were collected and reported separate from race.

### COMMUNITY CANCER BURDEN

The summary below provides a high-level overview of the cancer burden in the state and corresponding health service area for each area of focus, along with national benchmarks. The Hospital Systems Capacity Building (HSCB) Initiative provides support to improve cancer screening and prevention in breast health equity, colorectal cancer screening, and HPV vaccination. The selected indicators below provide a snapshot of cancer burden, however additional data may be explored during HSCB Community of Practice program planning to better understand health equity and other factors related to differential cancer outcomes.

### BREAST CANCER SCREENING

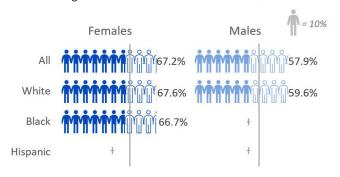

Oklahoma: Mammogram in the past 2 years

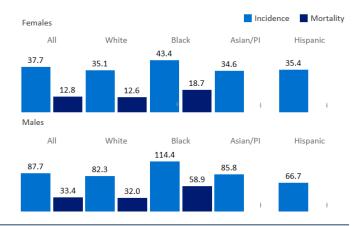

# Tulsa – Rogers, OK HSA Breast Cancer Incidence & Mortality Rates Incidence Mortality All White Black Asian/PI Hispanic 140.8 126.5 22.4 22.8 27.6

### COLORECTAL CANCER SCREENING

Oklahoma: Percentage of Adults Age 50-75 Years Up-to-Date with CRC Screening

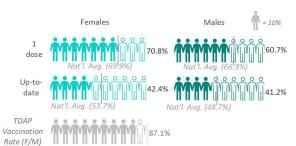

Tulsa – Rogers, OK HSA Colorectal Cancer Incidence & Mortality Rates

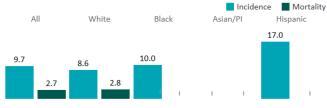

### HPV VACCINATIONS

Oklahoma: HPV Vaccination Rates, Age 13-17

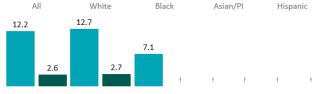

The HPV series, TDAP, and meningococcal vaccines should all be completed by a patient's 13th birthday, so comparing HPV with either highlights missed opportunities when the HPV vaccine could have been administered.

Tulsa – Rogers, OK HSA Cervical Cancer Incidence & Mortality Rates

Tulsa – Rogers, OK HSA Oral Cavity & Pharynx Incidence & Mortality Rates

Footnotes: Biological sex for these data sources was self-reported by the individuals represented. Definition of screening up-to-date: Home-Based Fecal Occult Blood Test (FOBT) in last year and/or flex sig in last 5 years and FOBT in last 3 years and/or colonoscopy in last 10 years. Incidence and Mortality Rates: Calculated per 100,000 people. Data Sources: Mammogram and FBOT Screening-BRFSS Screening and Risk Factors Tables, 2018; HPV Vaccination – 2018 Adolescent HPV Vaccination Coverage Dashboard, 2018; TDAP-2018 Adolescent Tetanus and diphtheria toxoids (Td) or Tetanus toxoid, reduced diphtheria toxoid, and acellular pertussis Vaccination Coverage Dashboard; Incidence – 2013-2017 National Program of Cancer Registries; Mortality – 2014-2018 National Vital Statistics System.
