

Olive View-UCLA
MEDICAL CENTER

HOSPITAL SYSTEM AT-A-GLANCE

- Non-Profit
- Integrated Delivery System
- Located in California
- 4 Hospitals and 19 Clinic Sites
- HSCB Implantation Location:
Los Angeles County, CA Health
Service Area

INITIATIVE OVERVIEW

The American Cancer Society (ACS) is partnered with the Centers for Disease Control and Prevention (CDC) to support hospital systems, like Olive View-UCLA Medical Center. This five-year initiative increases capacity to build multi-sector partnerships to implement evidence-based and informed interventions for cancer prevention and screening.

Participating hospital systems are building a community of practice to share best practices and lessons learned and build the evidence base for increasing breast health equity, colorectal cancer screening or HPV vaccinations.

This community of practice is built on the intersection of participating hospital systems, state and local health departments, ACS and community partners.

Olive View-UCLA's partners include:

The American Cancer Society, LA County Department of Health Services (Hubert H. Humphrey Comprehensive Health Center & Harbor-UCLA Medical Center), LA County Department of Public Health.

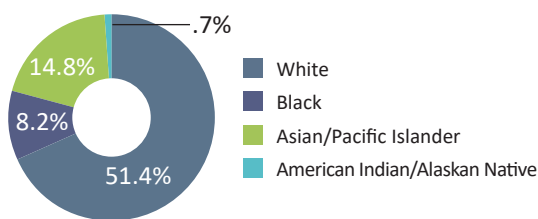

Area of Focus: HPV Vaccination

HEALTH SERVICE AREA (HSA) KEY STATISTICS

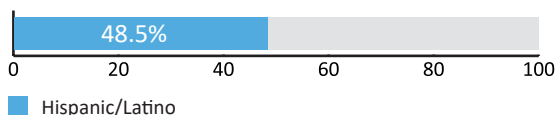

HSA Counties

HSA Population Distribution by Race/Ethnicity

Percent of HSA that is Hispanic/Latino

HSA county-level median household income is **\$64,251** compared to **\$71,228** for California.

79% of adults age 25 or older within the HSA have a high school diploma and **32%** have a bachelor's degree compared with **83%** and **33%** respectively for California.

HSA has a cancer death rate of **139** deaths per **100,000** compared with **143** for California.

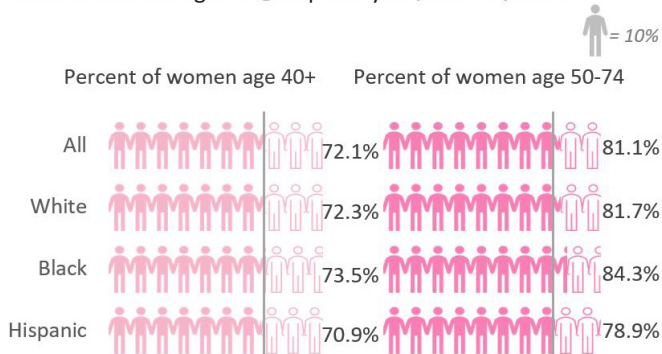

88% of adults under age 65 and **97%** of children under age 19 within the HSA have insurance compared to **90%** and **97%** respectively for California.

COMMUNITY CANCER BURDEN

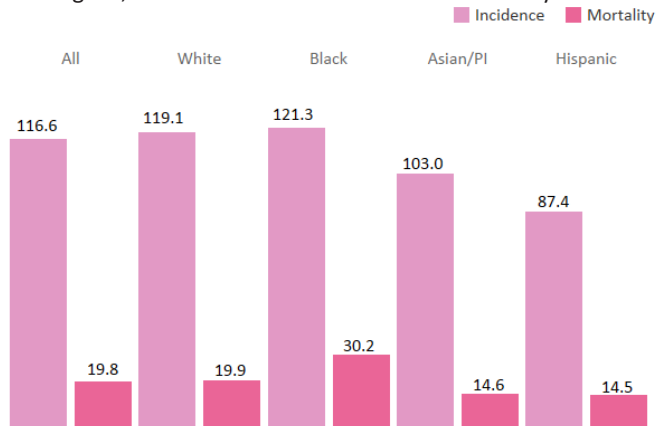

The summary below provides a high-level overview of the cancer burden in the state and corresponding health service area for each area of focus, along with national benchmarks. The Hospital Systems Capacity Building (HCSB) Initiative provides support to improve cancer screening and prevention in breast health equity, colorectal cancer screening, and HPV vaccination. The selected indicators below provide a snapshot of cancer burden, however additional data may be explored during HSCB Community of Practice program planning to better understand health equity and other factors related to differential cancer outcomes.

BREAST CANCER SCREENING

California: Mammogram in the past 2 years

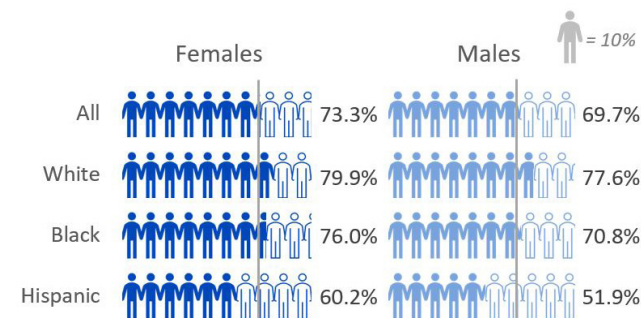

Los Angeles, CA HSA Breast Cancer Incidence & Mortality Rates

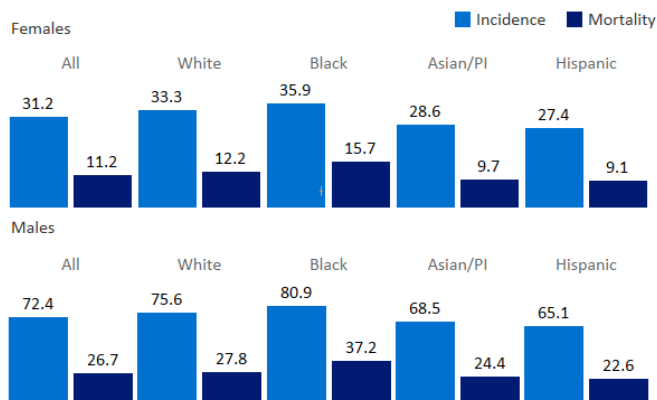

COLORECTAL CANCER SCREENING

California: Percentage of Adults Age 50-75 Years Up-to-Date with CRC Screening

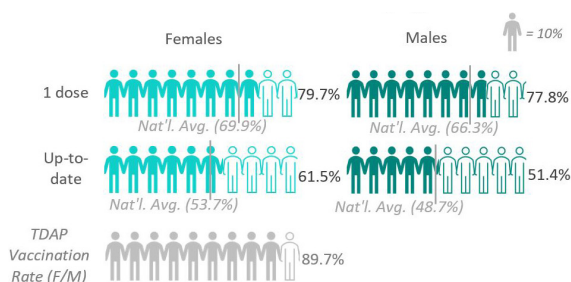

Los Angeles, CA HSA Colorectal Cancer Incidence & Mortality Rates

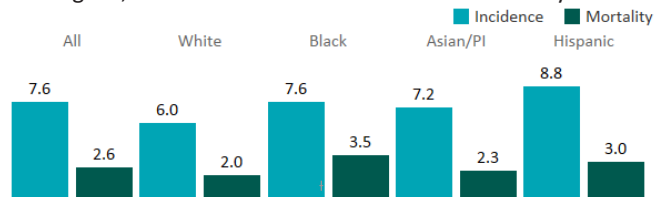

HPV VACCINATIONS

California: HPV Vaccination Rates, Age 13-17

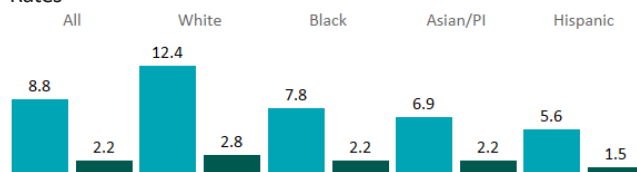

The HPV series, TDAP, and meningococcal vaccines should all be completed by a patient's 13th birthday, so comparing HPV with either highlights missed opportunities when the HPV vaccine could have been administered.

Los Angeles, CA HSA Cervical Cancer Incidence & Mortality Rates

Los Angeles, CA HSA Oral Cavity & Pharynx Incidence & Mortality Rates

Footnotes: Biological sex for these data sources was self-reported by the individuals represented. Definition of screening up-to-date: Home-Based Fecal Occult Blood Test (FOBT) in last year and/or flex sig in last 5 years and FOBT in last 3 years and/or colonoscopy in last 10 years. Incidence and Mortality Rates: Calculated per 100,000 people. Data Sources: Mammogram and FOBT Screening- BRFSS Screening and Risk Factors Tables, 2018; HPV Vaccination – 2018 Adolescent HPV Vaccination Coverage Dashboard, 2018; TDAP- 2018 Adolescent Tetanus and diphtheria toxoids (Td) or Tetanus toxoid, reduced diphtheria toxoid, and acellular pertussis Vaccination Coverage Dashboard; Incidence – 2013-2017 National Program of Cancer Registries; Mortality – 2014-2018 National Vital Statistics System. + Missing/suppressed data
